

I'm am writting to urge the FCC to reject the NAB's petition 04-160. If this petition is passed it will be a total infringement on citizen's right's to receive information and programming from the source of thier choice. XM provides excellant programming that is not available elsewhere and the NAB has no right to deny anyone the right to choose where they go to listen to traffic and wheather. Again, I respectfully urge the FCC to deny the passing of NAB's petition 04-160.

Sincerely,
Susan Aulde
